Payment of Deferred Benefits Request Form

IMPORTANT
Before you request your Deferred Benefits to be paid prior to your Normal Pension Age, you should check the reduced value that will be payable. You can do this by using the benefit calculator in your Fife Pension Fund, Member Self Service (MSS) account.

To access your MSS account, go to www.fifepensionfund.org, click on the member self-service link at the top of the homepage then click the 'Log In' option. If you haven't registered for MSS, you can do so by clicking the same link and choosing the 'Register' option offered. If you need any assistance registering you'll find a guide under Forms & Publications – Guides, on our website.
